

900 Series Brush Shredder

The Vrisimo 900 Series Brush Shredder is dual drive. The giant cutter drum is turned from both ends to maximize torque. Brings the most muscle to the toughest jobs. This 3,100-pound machine will pulverize brush up to 5 inches thick. It provides a 7 to 9-foot cutting width to quickly reduce orchard and vineyard trimmings to mulch. Cutting capacity .5-5".

Performance

The center of this machine is an electronically balanced 10-inch diameter, by 1/2" thick cutter drum and uses our triple knife 2.25-pound side slicer knives plus a 2-pound straight knife. Internal wear liners and a re-cutter bar are standard. All drive components including gearbox, belts and PTO shafts are 250 HP rated. Height adjustment is controlled hydraulically for continuous brush shredding as close to the ground as possible.

900 SERIES SPECIFICATIONS

	S-900-9	S-900-8	S-900-7
Cutting Width	9'	8'	7'
Overall Width	10.58'	9.58'	8.58'
Weight	3515 lbs.	3350 lbs.	3175 lbs.
# of Knives	108	102	84
Height Adjustment	0-12"	0-12"	0-12"
Input PTO Speed	540	540	540
Gearbox Rating	250 HP	250 HP	250 HP
HP Requirement	100	90	80
Cutter Drum Speed	1850 rpm	1850 rpm	1850 rpm

Sizes: 9', 8', 7'
BLADES: CD2500,CD2500C

Key Features

- **Triple Flail Knives.** Reversible triple knife 2.25-pound side slicer knives plus a 2-pound straight knife provide 7 pounds of knives in each station adding power and extra cutting surface
- **Heavy-Duty Flail Shredder Drum.** 10" diameter by 42" thick for tougher tasks
- **Power.** Constant velocity drive line
- **Toughness.** Severe duty design, high HP components
- **True Shaft Technology.** An electronically balanced cutter drum with serviceable hubs to ensure straight shafts that run smooth for years of reliable, vibration-free operation
- **Wear Liners Standard.** Made of abrasion-resistant material
- **Adjustable Cutting Heights.** Adjustable rear wheels, and pick-up tines
- **Adjustable Hitch.** To level brush shredders to optimize cut angle
